LEAP - LEARNING IN PRISON

Learning of information technologies and communication in Catalan prisons

Education and Culture DG

Lifelong Learning Programme

Generalitat de Catalunya
Departament de Justícia

Direcció General de Règim Penitenciari
i Recursos

SUMMARY

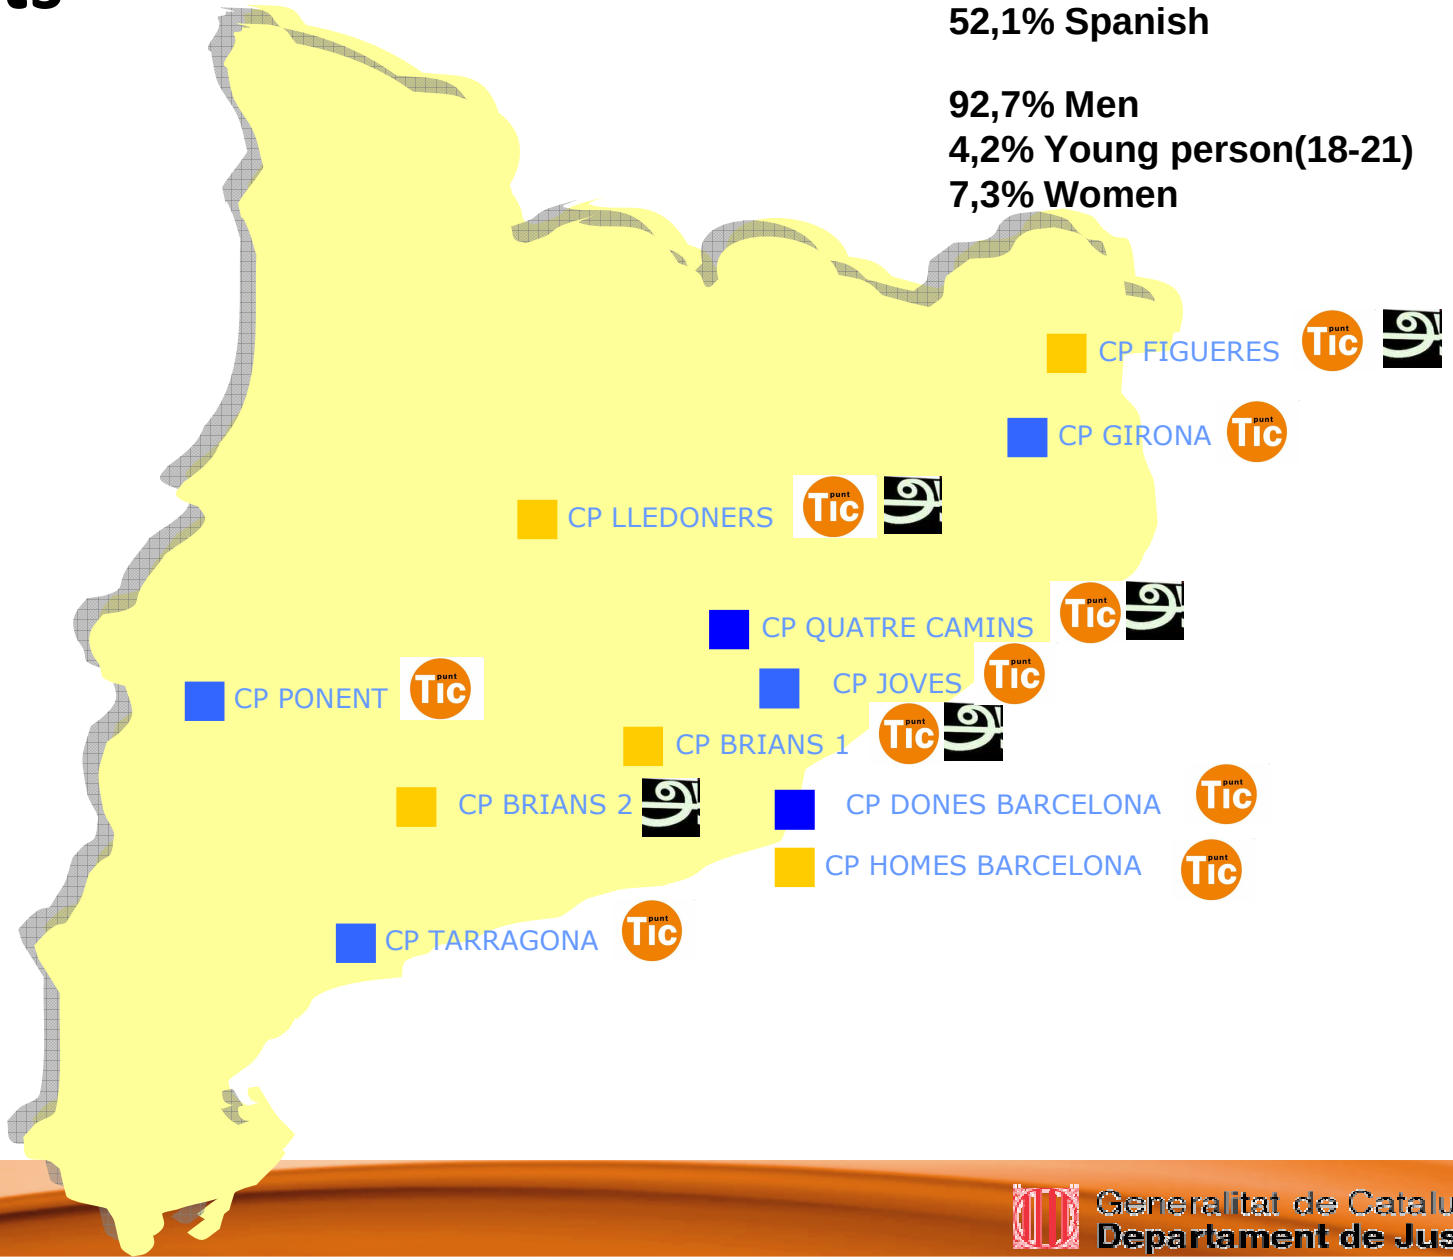
- Introducing the catalan penitentiary system
- Digital literacy → Action strategy
- Case study → The PC Lledoners

Catalonia's prisons and ITC equipments

10.761 inmates
august 2010

43,9% Foreigners
52,1% Spanish

92,7% Men
4,2% Young person(18-21)
7,3% Women



Digital literacy, cultural dynamic and ICT competences

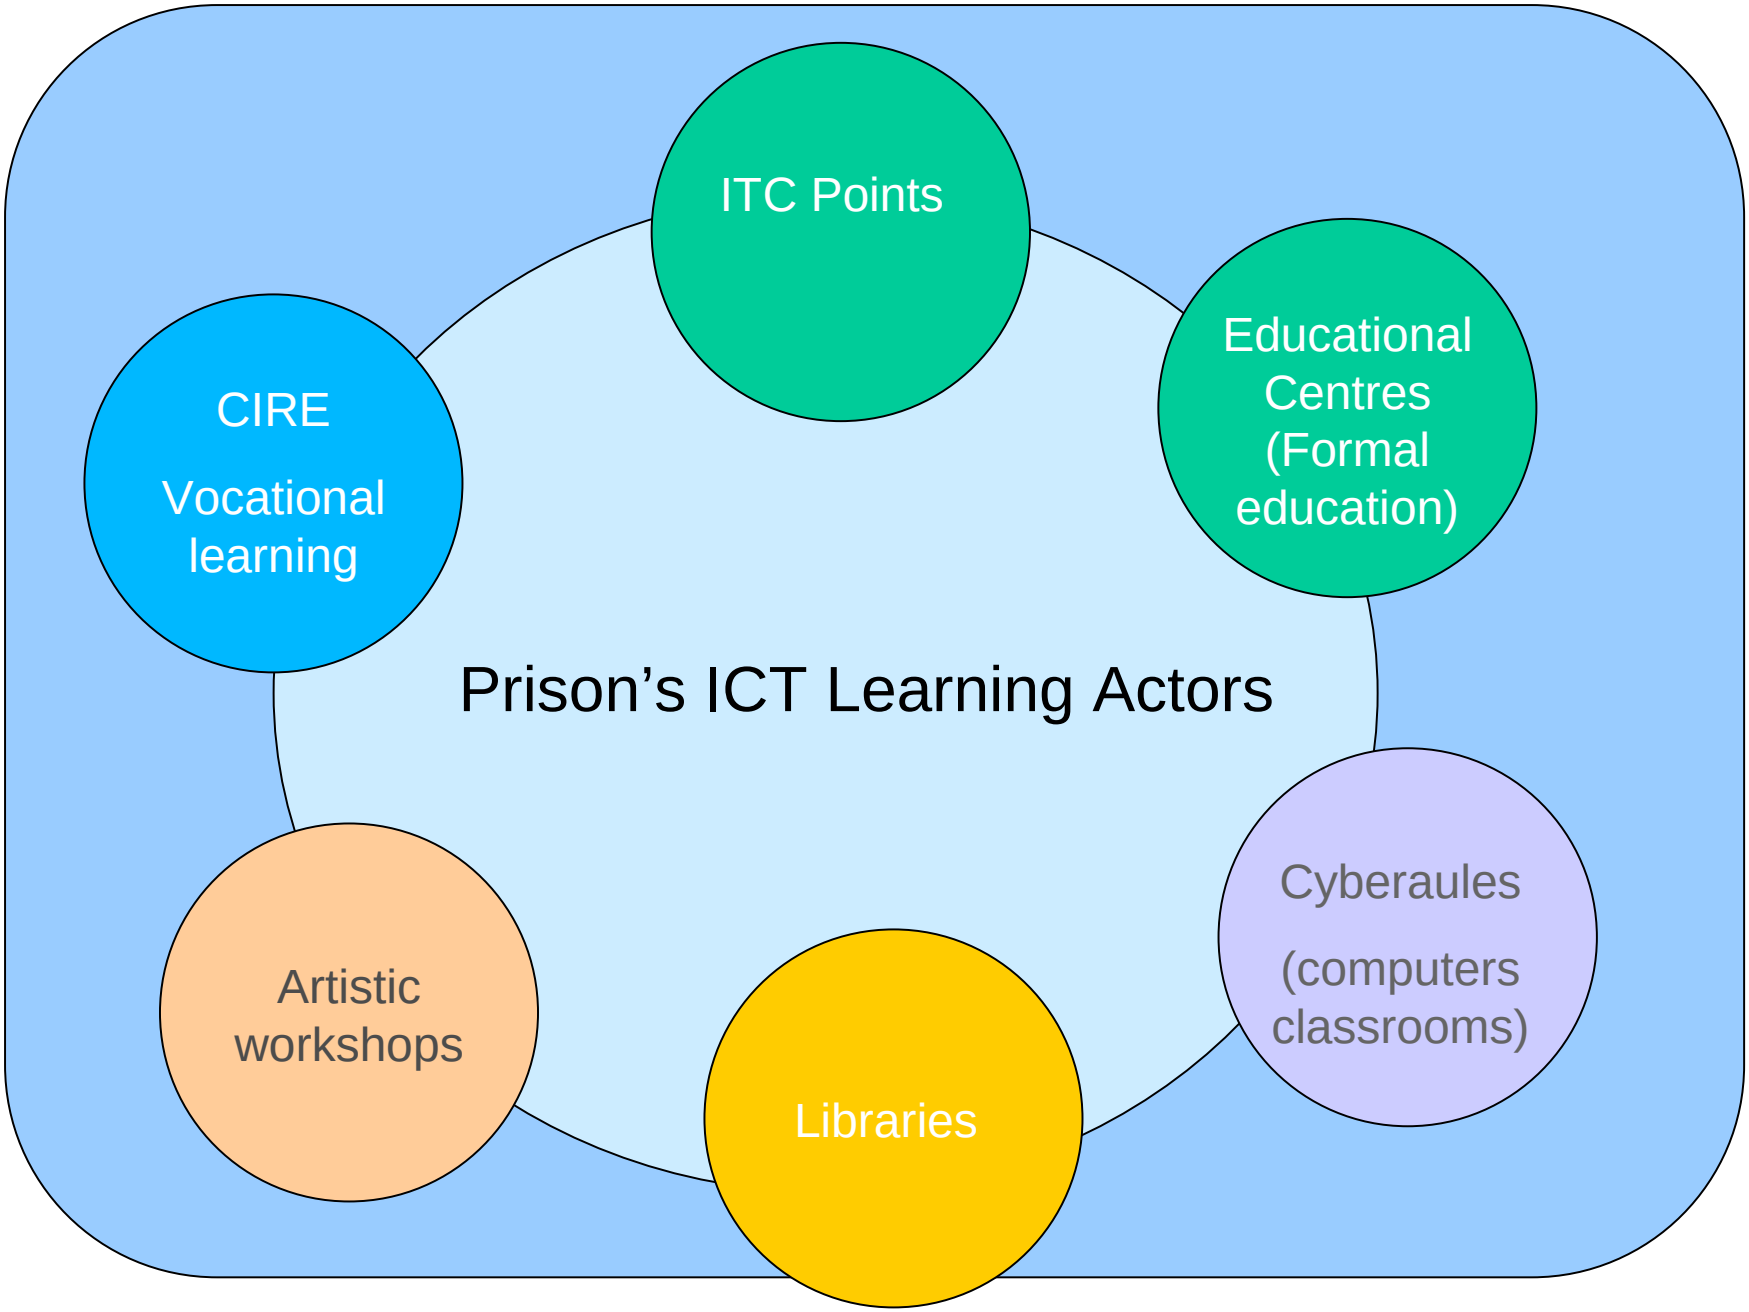
Digital Literacy → **Integration of ICT in daily life**

- Accessibility hardware and software
- Diversity of learning scenarios
- (Accreditation of competences: ACTIC, COMPETIC, ECDL)

Promotion of Cultural Dynamic

- strenghtening the link between individual and community
- based on the active participation of all actors
- holistic sense: individual, social, cultural, educational
- promotion of social networks: exchange, knowledge construction, common projects

ICT competences → **ICT learning + social practices**



ITC Points
Educational Centres (Formal education)
CIRE
Vocational learning
Prison's ICT Learning Actors
Cyberaules
(computers classrooms)
Artistic workshops
Libraries

Cyberaula at Lledoners prison
Generalitat de Catalunya
Departament de Justícia

Cyberaules - Cyberclassrooms

CyberAula
AlfaDigital

:: Installed in Prisons Brians 1 & 2, Lledoners, Quatre Camins and (future) Puig de les Basses (Figueres)

:: Computer rooms in different one prison's departments

:: 10-15 locally networked computers

:: Hardware: recycled computers and LTSP connection

:: Software: only open source operating system and software (UBUNTU)

:: Local Moodle and Wikipedia installed

:: No internet connection

:: Possible local/regional/national networking?

Activities in "*Cyberaules*"

CyberAula
AlfaDigital

:: **Space for participation in ICT socio-educational projects (continuing practices)**

:: **Resource available to all professionals: incorporation of ICT in all socio-educational actions**

:: **Initial training in ITC and basic ACTIC's level**

:: **From practice to practice: ICT and socio-educational activities**

:: **Using Moodle platform and Wikipedia**

:: **active participation of all stakeholders: teachers and trainers prisoners**

:: **Promotion of peer-teaching**

Competences: learning / practices

ICT is learned by using them

The practice is fundamental to training and lifelong learning

Practices = socio-educational activities + ICT

Using the mouse. To play too ;)
